

Campaign at Gorakhpur Urban constituency in UP

Campaigned at Gorakhpur Urban constituency for BJP's Dr Radha Mohan Das Agarwal at Nandanagar & Manbela. Spoke about all schemes implemented in UP by the Central govt in the last 2.5 years. These include AIIMS for Gorakhpur, Neem coated Urea, Jan Aushadhi, Stent price reduction, approval for Gorakhpur Urea plant and the progress on the gas pipeline.

All of this development will uplift the living standards of the people of Gorakhpur Mahanagara. Also, the Gorakhpur Urea plant will be a modern fertilizer plant that will boost "Make in India". India will not only become self-sufficient in Urea production but will also become an exporter.
