

Textiles India 2017

Visiting the trade centre at Textiles India 2017 event. With my colleague Smt Smriti Zubin Irani ji & Sh Mansukh Mandaviya ji . Excellent work.

Chemicals & Petrochemicals are key elements in textiles products but still nobody had thought of approaching this ministry before.

Finally through Textiles India 2017, we are discussing aspect of Chemicals & Petrochemicals in Textile industry. I would say – Well begun is half done, while at times well begun is full done.

I urge Smt Smriti Zubin Irani ji to hold Textiles India every year and I assure her that my Ministry will extend full support to Textiles India.
